

AIA CENTRAL VALLEY 2015 **Accessibility & Codes Courses**

Attendees taking any of the scheduled courses will receive a total of 5 ADA credits to meet their licensing requirement. AIA members will receive 5 Health Safety Welfare (HSW).

mar 11 & sep 15

Accessibility Scoping for New Construction and Alterations: What is Compliant, What to Modify & Which Regulations Apply?

5 HSW | Instructors: Mark Wood, CASp and Paul Klein, CASp

Now that the 2013 CBC has been reformatted, melded with the 2010 ADA and enforceable for over a year, several essential elements must be clear to ensure effective use and application. This seminar will include a brief history of federal and state accessibility regulations; how to avoid lawsuits for both you and your clients; a discussion on what minimum and maximum really means; elements most often designed or installed incorrectly; scoping a project (including what regulations apply and where) and what to expect in the 2013 Intervening Code Adoption Cycle Supplement (effective July 1, 2015). There will also be a group break-out sessions and discussion. You may Submit specific topics to AIACV up to one week in advance of the presentation for the instructors to address. The-course will be customized to your needs and concerns.

TIME: Door opens at **8:30 am**, class begins at **9 am** and runs until approximately **2:30 pm**

COST: **AIA Members, \$100** (+svc fee) **Non-members \$150** (+svc fee)

Accessibility for Healthcare Architects

5 HSW | Instructor: Bill Zellmer, AIA and special guest, Glenn Gall, AIA of OSHPD

This 5 hour seminar will provide an in-depth study and analysis of the 2013 CBC and the correct application to healthcare facilities. This seminar is example-driven, with floor plans and case-studies that are represented in a dynamic and engaging format. This will be a real and challenging seminar with specific application to complex healthcare projects. Each seminar attendee will receive a "Guide to Accessibility for California Healthcare Facilities" PDF with floor plan examples, code interpretations and analysis. A 'must' seminar for healthcare architects and project managers.

TIME: Door opens at **8:30 am**, class begins at **9 am** and runs until approximately **2:30 pm**

COST: **AIA Members, \$100** (+svc fee) **Non-members \$150** (+svc fee)

Universal Design Case Studies & Accessibility Code Update

5 HSW | Instructor: Gilda Puente-Peters, GPPA Architects

A presentation and illustration of the principals of universal design as applied in case studies of inclusive and inspirational facilities. Understanding ergonomics and the impact of design solutions on the functionality and improvement in the quality of life for people with a wide variety of abilities, as well as the benefits of mainstreaming universal design will be discussed. Course will also feature an update of the key technical accessibility requirements of the 2013 CBC and 2010 ADA Standards.

TIME: Afternoon Class - Class begins at **11 am** and runs until approximately **4:30 pm** (lunch/snack break from 1:00 to 1:30 pm)

COST: **AIA Members, \$100** (+svc fee) **Non-members \$150** (+svc fee)

ABOUT OUR CASP-CERTIFIED INSTRUCTORS

Mark Wood, CASp and Paul Klein, CASp have been responsible for ensuring compliance with California accessibility requirements found in the California Building Code Title 24 and American With Disabilities Act for over 20 years. They own and operate California Certified Accessibility Specialists, (CalCasp) offering a full range of accessibility compliance services to assist businesses, property owners and architects in complying with Senate Bill 1608 and the Americans with Disabilities Act (ADA).

Gilda Puente-Peters, CASp has over 29 years of specialized experience in Access Compliance and served as a Subject Matter Expert on the Certified Access Specialist Program committee for the Division of the State Architect, to advise in the development of the California Certified Access Specialist certification program. GPPA has worked under contract with the California Division of the State Architect and Office of Universal Design providing accessibility compliance plan review, developing a state-wide Access Plan Review Training System and provided trainings throughout the state.

Bill Zellmer, AIA, CASp Bill is Sutter Health's in-house accessibility expert, his experience is outline as follows: Architect: 1987-2015, OSHPD: 1995-2009, Certified Access Specialist: 2010-2015, Accessibility Field Surveys: 2010-2015, Sutter Health Accessibility Expert: 2014-2015.
