OUR MISSION

The mission of the AIA Central Valley Chapter is to demonstrate and promote the value and contribution of AIA architects.

Based in Washington, D.C., the American Institute of Architects (AIA) is the leading professional membership association for licensed architects, emerging professionals, and allied partners since 1857.

AIA CENTRAL VALLEY is a local chapter of The American Institute of Architects, serving 17 northern California counties. The Chapter was chartered in 1942 and has grown from a group of five charter members to its current membership of almost 600, serving architects, associates, students and allied professionals.

Today, with over 90,000 members and 260 chapters around the world, the AIA serves as the voice of the architecture profession and the resource for our members in service to society.
