

SENIOR PROJECT LEADER TX

Job Description:

GFF is seeking a Senior Project Leader to join our growing team! We have positions available in Dallas, Austin, and Fort Worth for people who seek to join and drive a diverse culture of an award winning mid-sized design firm. We are seeking a Senior Project Leader who desires to participate in crafting an environment with other architects who value a work environment emphasizing innovative design and sustainability.

Experience:

- 15+ years' experience
- A Professional Degree from an accredited university (B.Arch or M.Arch preferred)
- Professional registration required
- Experience leading entire Project team including consultants
- Must exhibit highly-developed design sensibilities as well as technical prowess including at a minimum exterior skin, in-depth waterproofing, vertical transportation, life-safety systems, and current building codes and standards
- Working knowledge of specification writing and editing required
- Revit, BIM 360, Architectural Desktop (ADT) and Sketch-Up proficiency required
- Minimum 10 years of experience working on high-rise projects as a Project Manager
- Participates in client contact, proposal development and contract negotiations
- Responsible for meeting project schedules and budgets across all design/construction phases
- Passionate about working collaboratively with others and empowering others to use their talents
- Excellent organizational and project management skills for multiple project assignments
- Excellent written and verbal skills
- Working knowledge of standard business software (Word, Excel, PowerPoint, Outlook, etc.) required

About GFF:

GFF is an award winning, fast-paced, design-focused and business-centered practice that includes retail, multi-family, office, mixed-use, corporate projects, faith and community, schools, restaurants, master planning, landscape architecture and interior design. We offer an energetic and stimulating work environment, competitive salary/benefits and advancement potential at all levels. We are always interested in discussing opportunities with talented, well-qualified, energetic, and highly-motivated individuals!
