# 14<sup>th</sup> Annual codes

conversation

*This event is the only  
regionally focused codes  
event in Sacramento!*

**The idea of the Codes Conversation program is simple: bring together Code Officials with Design Professionals once a year to discuss how we can work together more efficiently in the arena of codes and permits.**

This year's panel will continue our series of informal and lively programs of the past, with very brief presentations by panelists ('NO POWERPOINT') followed by open dialogue. Bring your conundrums, ideas and suggestions; meet your local officials; and explore the collaborative shaping of great places for people from the perspective of BOTH sides of the counter. Get insight into new code development and interpretations, similarities and differences between local jurisdictions; net zero energy; new developments in accessibility, and more.

**Moderated by Michael F. Malinowski, FAIA, Applied Architecture**

**Greg Anderson, Chief Building Official, City of Citrus Heights**  
**Joe Cuffe, Chief Building Official, City of Rancho Cordova**  
**Winfred DeLeon, Chief Building Official, City of Sacramento**  
**Randy Goodwin, AIA, Chief Building Official, City of West Sacramento**  
**Greg Mahoney, Chief Building Official, City of Davis**  
**Nancy Springer, Chief Building Official, County of Sacramento**

**Date:** Thursday, November 29th, 2018, 4 - 6 pm  
**Location:** AIACV, 1400 S Street, Suite 100, Sacramento  
**Register at:** <https://2018codes.bpt.me>  
by November 27th **Cost:** \$10 AIA members/ \$15  
Non-members /  
\$5 students (light refreshments provided)
