

## 2020 CHAPTER ELECTION & TOUR OF SACRAMENTO STATE UNIVERSITY UNION

**Join AIACV for a tour and presentation at the newly expanded Sacramento State Student Union designed by Dreyfuss + Blackford Architecture, and VOTE for the 2020 Chapter Board of Directors.**

Since first constructed in 1975, the University Union has been considered the “living room” of the campus, but technological changes, code requirements and the demand for more space created a much-needed addition and renovation for the building. This expansion provides an essential identity with more meeting rooms, student lounge spaces, retail, and offices for University functions.

A new main entry with an expansive double height pavilion, outdoor gathering space, and retail activate the pedestrian zone. A large Starbucks and relocated Peak Adventures store with bicycle repair shop have their own entrances. A larger modern games room, student lounge spaces, divisible conference suites and open offices for Union-specific and ASI-related departments are also included. As one of the first major projects to incorporate the new campus master plan, the Union utilizes a fresh color and materials palette, paving the way for future design.

**WHEN:** Thursday, November 21, 2019 (5:30 pm registration/voting, 6:00-7:30 pm presentation/tour)

**WHERE:** Sacramento State Student Union - Cottonwood Suite 3 (2nd Floor)
